PROFILE

A dedicated technician with hands-on experience in industrial automation and electrical installations. Proven track record in troubleshooting robotic arm systems and managing electrical wiring projects. Highly adaptable, fast learner, and committed to maintaining high safety and quality standards in technical operations.

EDUCATION

SMK Tunku Ismail
2020-2024 **Sijil Pelajaran Malaysia (SPM)**

WORK EXPERIENCE

Wireman
March 2025-
September 2025

LCH MULTI ENT SDN.BHD

- Executed electrical wiring and installation for industrial or commercial projects according to technical blueprints.
- Conducted safety inspections and testing of electrical systems to ensure compliance with Energy Commission (ST) standards.
- Troubleshoot and repaired electrical faults, including circuit breakers, lighting systems, and power distribution boards.
- Ensured all onsite work adhered strictly to occupational safety and health (OSHA) regulations.

Robot Arm
Technician
October 2025-
January 2026

M-tec (KL) SDN.BHD

- Assisted in the installation, calibration, and testing of industrial robotic arms to ensure optimal production line performance.
- Collaborated with the engineering team to optimize automation workflows and equipment efficiency.
- Maintained detailed logs of technical issues and repairs conducted on-site.
